Subject: Request for school booklet

Stewart Briefer phoned us from Pennsylvania today and requested a post card of Mississippi facts for his son's school project. I asked if a booklet would suffice and he said that would be even better. He said that they really needed the info ASAP, so I prepared correspondence under my signature rather than the Governor's. I put the booklet in the mail to his son this afternoon.

This case is closed.

Dear Sam:

Please find enclosed a booklet for your reference in preparing your report on Mississippi. I hope that the booklet will prove beneficial to your studies. I have also enclosed a Mississippi map that you might want to share with your class.

Good luck with your project!

Very truly yours,
